

Independents Fiber Network and Bright Long Distance, LTD are both wholly owned subsidiaries of Com Net, Incorporated.

In 2017, Independents Fiber Network filed a dba with the State of Ohio to do business as Bright Long Distance for purposes of any requirements requiring the use of Bright Long Distance legacy FCC 214 authority for International long distance services.

All sales and services are recorded under Independents Fiber Network; therefore, all Customer Proprietary Network Information (CPNI) obligations reside with Independents Fiber Network.

It is our understanding Independents Fiber Network's CPNI Certification, therefore, covers all such on-going business operations.

A separate CPNI Certification will not be filed for Bright Long Distance, LTD until such time that it is determined otherwise by the appropriate authority.
